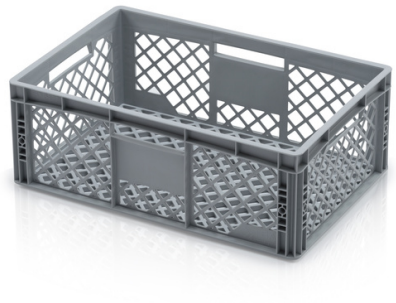
EURO crate perforated 60x40x22



Due to ventilation slits allowing air circulation, the Euro crate is suitable for transport of food and warm parts. There is no water condensation in the crate and the perforation allows for drain of potential liquids. Easy and hygienic cleaning. The contents can be easily checked visually. Grease, resin, alkalis resistant. Imprinting supported.

Product code: 975540

Number of pieces on the pallet: 40

Technical specification

Features:	
Colour	grey
Material	PP
Volume	41 l
Weight	1.65 kg

Dimensions	
Length	60 cm
Widht	40 cm
Height	22 cm
Internal dimensions	
Internal dimension length	56 cm
Internal dimension width	36.5 cm
Internal dimension height	20.5 cm

Due to the use of various raw materials, it is not possible to prevent fluctuations in color shades. All technical parameters of the products, including their dimensions and weights, are subject to changes resulting from testing conditions and manufacturing technology. No legally binding guarantees of specific properties can be inferred from the information obtained.

We reserve all rights, including the possibility of unforeseen errors and subsequent adjustments. We emphasize that the provided technical data is for informational purposes only and may be subject to changes without prior notice.
