

Slow Release Watering Bag 75 l

TBA irrigation bag is a suitable irrigation agent due to its easy draining of water. Ordinary watering, near the water can be reached in depth, Drains Water water from the water and only around the trunk, which has the opportunity to get up to the roots of the tree. The bag is prepared around the trunk, fastened with a zipper and filled with water. Depending on the current of the tree trunk, the bag can hold 50 - 75 liters of water, which switches off in the value of 3 - 8 hours. The water irrigation bag is especially suitable for dry or newly planted trees.

Product code: 963507

Number of pieces on the pallet: 900

Number of pieces in the package: 30

Technical specification

Features:

Colour	green
Material	PVC
Volume	75 l
Weight	0.65 kg

Dimensions

Widht	9.2 cm
Height	8.8 cm
