

ALC container 60x40x32 with stacking frame

ALC containers with a stacking bar are an excellent option especially in warehouses during the completion and preparation of orders. The stacking bar allows the containers to stack on each other without damaging the goods. The ideal conical shape enables quick stacking, and this is definitely a space saving. The smooth bottom facilitates smooth movement along roller runways. The preparation of goods, especially in the ecommerce sector, is thus very easy with this attribute.

Product code: 967721

Number of pieces on the pallet: 76

Technical specification

Features:

Colour	blue
Material	PP
Volume	51 l
Weight	2.32 kg

Dimensions

Length	60 cm
Width	40 cm
Height	32 cm

Internal dimensions

Internal dimension length	50 cm
Internal dimension width	33 cm
Internal dimension height	31.5 cm
